Powered by natural wrist movement
Smooth and continuous motion
Designed for elegance, durability, and comfort
Great for Business, office and even everyday wear

Quartz Collection

Regalia™ also offers Quartz watches in a variety of refined colors and styles.

Battery-powered for precise timekeeping
Low maintenance
Perfect for daily and lifestyle wear

DESIGN & COMFORT

Designed for all-day comfort
Ergonomic fit with balanced weight
Premium materials and finishing
Suitable for both formal and casual occasions

HOW TO SET THE TIME (AUTOMATIC WATCH)

If your automatic watch has stopped or requires time adjustment:

1. Gently pull out the crown (watch knob)
2. Pull until you feel a light click.
3. Turn the crown clockwise
4. Rotate slowly to set the correct time.
5. Push the crown back in
6. Ensure it is fully secured in its original position.
7. Wear the watch regularly
8. Normal wrist movement will keep the watch running.

Helpful Tip: If the watch has completely stopped, gently move it or wear it for a few minutes to restart the movement.

HOW AN AUTOMATIC WATCH WORKS

Automatic watches wind themselves using the natural movement of your wrist.

When worn regularly, the watch remains fully operational.

If the watch is not worn for an extended period, it may stop and this is completely normal for mechanical watches. You just can set up the time and wear it, it will automatically start working.

CARE & MAINTENANCE

To preserve the beauty and performance of your Regalia™ watch:

Avoid shocks, drops, and strong impacts

Keep away from extreme temperatures

Avoid prolonged exposure to water unless specified as water-resistant

Clean using a soft, dry cloth

Do not attempt to open the watch case
